

## **CORRIGENDA** (6 September 2022)

**Covid-19 Vaccine introduction and deployment costing (CVIC) tool: User manual  
(WHO/2019-nCoV/Vaccine\_deployment\_tool/manual/2022.1)**

### **Page viii**

Delete page viii of the document and replace with the following page.

These corrections have been incorporated into the electronic file.

# Acknowledgements

The CVIC tool was first conceptualized as an initiative of and funded by the World Health Organization (WHO) Regional Office for the Western Pacific. The tool was then developed by Yap Wei Aun with the support of Ogochukwu Chukwujekwu, Peter Cowley and Tomas Roubal. The use and development of CVIC subsequently expanded to the global level and involved a larger multiagency team of co-developers and technical supporters.

We would like to thank the following organizations and individuals who contributed to this work.
